## APARTMENT SAFETY FOR PETS

Fall is nice time to stay inside! It's also a good time to brighten up your room like lots of color. If you cannot paint inside your apartment, do not worry! Consider other ways to add color to your wall. Hang bright tapestries, rugs or blankets to your wall to add color and texture. Hang paintings to

brighten up a dull wall. A larger sized work of art can add pizzazz without making the room feel smaller. Pillows, throw rugs, glassware and window treatments are great ways to inject more color into a room.

## HOLIDAY HAZARDS FOR YOUR PETS

During the holiday season, thousands of pets become ill or are injured. Remember that human food is not good for pets. Rich gravies and stocks, along with the bones in meat, can be upsetting to your pet's digestive system. Also keep sweets away from your pet. Ornaments should be hung out of your pet's reach. Chewing on glass, tinsel, and electrical cords

is very dangerous for your cat or dog. Some wrapping paper is treated with chemicals that are toxic if swallowed. The ribbons and bows on presents can also present a choking hazard if chewed or swallowed. The water in the base of a Christmas tree stand can contain secretions that can cause an upset stomach. Keep the water well covered.

## Someone Once Said

"The world is a dangerous place to live; not because of the people who are evil, but because of the people who don't do anything about it."

—Albert Einstein

## Meet the Staff

Propert Mgr.- Ofelia P.  
Leasing - Alicia H.  
Maint. Team Leader - Jaime C.  
Maint. Tech. - Jose C.  
Groundskeeper - Rafael G.

## Teeth Whitening

The cost of going to the dentist for teeth whitening procedures can add up, but everybody loves a nice white smile. You can whiten your teeth at home for considerably less money than you would have to pay your dentist. Once a week, make a paste out of baking soda and just enough hydrogen peroxide to moisten it. Brush your teeth with this mixture, and you will notice fewer discolorations and a brighter smile.

## A Trick For The Kitchen!

Have you ever dug your spoon in an ice cream tub where the ice cream was too hard to scoop? Well here's a neat tip on how to fix that! Store your tub of ice cream in a ziploc bag when you put it in the freezer to keep it from getting too hard. Do this to save yourself from bending a spoon; enjoy your ice cream!

## Resident Portal

Did you know we have a resident portal? There are lots of fun and useful tools in the resident portal designed just for you. Just visit our website or contact the leasing center for details.

## You Can Be a Crime Fighter

By working together, we can make sure our community stays safe. Get to know your neighbors. You'll not only make new friends, but also have someone else looking out for your safety. Ask neighbors to collect your mail and newspapers and keep an eye on your apartment when you're away. Lock all your doors and windows, and don't leave valuables out in plain sight in your vehicle. Report any suspicious people in the area to management and let's all do what we can to protect our community.
