APARTMENT SAFETY FOR PETS

Many dogs and cats spend much of their day with little to do. They sit at home, resting and waiting for their human companions to return home from work. They also may not be getting the exercise they need each day. Be sure to spend as much fun time with your pet when you are at

home as possible. Include him in activities. You

LOOKING FOR A NEW JOB?

In today's economy, more people are looking for work. One way is to post your resume online, but take care. Identity thieves use these sites to steal information. These tips can help minimize your risk. Use only sites that protect your personal data. Casual browsers should not see your full name, address, etc. If a potential employer is interested, they should get personal information only by request from you. If you do receive a job offer, be cautious if it seems too good to be true. It may be a ploy to get your information. If you receive an email that asks for money, or for your Social Security number, ignore it. Also, be sure you have the ability to delete your resume and other information once you have completed your job search.

A TRICK FOR THE KITCHEN!

Have you ever dug your spoon in an ice cream tub where the ice cream was too hard to scoop? Well here's a neat tip on how to fix that! Store your tub of ice cream in a ziploc bag when you put it in the freezer to keep it from getting too hard. Do this to save yourself from bending a spoon; enjoy your ice cream!

HAVE YOU LAUGHED TODAY?

Researchers have found that laughter might just be the best medicine. Laughing reduces stress, lowers blood pressure, and boosts your immune system. It can even improve relationships. Take some moments each day to look at the lighter side of things and your mood and health will benefit.

DRIVING IN THE DARK

With winter here, there are fewer hours

of light each day. The National Safety Council reports that traffic death rates are three times greater at night than during the day. Learn how to minimize their risks when driving after dark. Make sure your headlights are in proper working order. Clean your windows and lights. Aim your headlights properly. Follow other vehicles at a safe distance. You should also reduce your speed at night, as it becomes harder to judge other vehicle's distances and speeds after dark.
