

APARTMENT SAFETY FOR PETS

Many dogs and cats spend much of their day with little to do. They sit at home, resting and waiting for their human companions to return home from work. They also may not be getting the exercise they need each day. Be sure to spend as much fun time with your pet when you are at

home as possible. Include him in activities. You

QUOTE

"The world is a dangerous place to live; not because of the people who are evil, but because of the people who don't do anything about it."
—Albert Einstein

WINTER PET CARE

It can be tough to be a dog or cat in the winter. They are stuck indoors more often and navigating the cold, snow, and ice of the outdoors can be tricky. These tips can make winter easier on both you and your pet. If your dog must remain outside, make his or her dog house as cozy as possible. It should be lined with blankets, preferably over a bed of straw or hay. A dog house that is too big will not stay warm, so make sure that it just fits your dog. If you have a cat that is used to going outside, make sure that you have an accessible cat door that is left unlocked at all times. It should be checked periodically to make sure it is clear of snow and has not frozen shut. Make sure that outdoor water bowls don't freeze over.

PUBLIC TRANSPORTATION SAFETY

When traveling on public transit, practice awareness when getting on and off the bus. Wait at a bus stop that is well-lit and has lots of traffic and people around if possible. Sit near the front of the bus so you are closer to the driver. When exiting a bus, be aware of those exiting at the same time. Travel immediately to a safe spot and continue to your destination.

HAVE YOU LAUGHED TODAY?

Researchers have found that laughter might just be the best medicine. Laughing reduces stress, lowers blood pressure, and boosts your immune system. It can even improve relationships. Take some moments each day to look at the lighter side of things and your mood and health will benefit.

Resident Portal

Did you know we have a resident portal? There are lots of fun and useful tools in the resident portal designed just for you. Just visit our website or contact the leasing center for details.

TOY SAFETY AFTER THE HOLIDAYS

Now that all the presents have been unwrapped, take some time to make sure that all of your child's gifts are safe ones. Choking is the number one cause of toy-related deaths and injuries. You should look for labeling on toys that say they may not be suitable for children under the age of three. This means that the toy can have parts that come off and are small enough to cause a choking hazard. Be aware that some toys just barely meet government safety standards, so every toy should be inspected.

Rent

Rent is due by the first day of the month, so please pay your rent on time. Rent paid after the third of the month will be assessed a daily late fee. Please contact the office immediately if you anticipate difficulty with payment.
