Have You Laughed Today?

Researchers have found that laughter might just be the best medicine. Laughing reduces stress, lowers blood pressure, and boosts your immune system. It can even improve relationships. Take some moments each day to look at the lighter side of things and your mood and health will benefit.

Lock Up Your Vehicle

What are the top things that attract car thieves? Unlocked doors, rolled-down windows, a key in the ignition, and valuables in plain sight. To protect yourself, always remember to lock up your vehicle and take your keys with you. Don't leave valuables, bags, purses, or backpacks in view. Take these precautions even if you are just away for a few moments.

COMMUNITY NEWS

Spring Into Spring Cleaning!

It's that time of year. As the air gets warmer and the sun shines more each day, it is the perfect time to tackle all those chores you've been putting off. These chores don't have to become overwhelming. Just keep these tips in mind: clear clutter first before cleaning, pick up some tools to help (gloves, sponges, bucket, etc), and clean safely by properly ventilating your cleaning area and keeping cleaning solutions out of the reach of children. Happy Spring!

The Heat is On

Keep your energy bills down by making sure your water heater is working efficiently. Keep your water heater temperature set to 120 degrees or less. Not only will you save money, but this lower setting is safer for your family. You can save up to \$25 annually if you use an electric water heater and up to \$18 annually for a gas water heater. Consider insulating your water heater and hot water pipes. To see

if you need insulation, feel them. If they are hot to the touch, you can benefit from some insulation to reduce heat loss. If you are looking to replace your water heater, consider a high-efficiency model. While it will cost more than a standard model, you will see payback within 2-3 years for a gas model.

“The world is a dangerous place to live; not because of the people who are evil, but because of the people who don't do anything about it.”
—Albert Einstein

Green Living Tip

The easiest and best way to cut water use in your home is to simply use less. Take shorter showers, make sure your clothes washer and dishwasher are full before running them, and turn off the faucet when you are brushing your teeth. You can also reduce water use outside by owning plants that require less water and by using self-

Rent

Rent is due by the first day of the month, so please pay your rent on time. Rent paid after the third of the month will be assessed a daily late fee. Please contact the office immediately if you anticipate difficulty with payment.
