LOOKING FOR A NEW JOB?

In today's economy, more people are looking for work. One way is to post your resume online, but take care. Identity thieves use these sites to steal information. These tips can help minimize your risk. Use only sites that protect your personal data. Casual browsers should not see your full name, address, etc. If a potential employer is interested, they should get personal information only by request from you. If you do receive a job offer, be cautious if it seems too good to be true. It may be a ploy to get your information. If you receive an email that asks for money, or for your Social Security number, ignore it. Also, be sure you have the ability to delete your resume and other information once you have completed your job search.

A TRICK FOR THE KITCHEN!

Have you ever dug your spoon in an ice cream tub where the ice cream was too hard to scoop? Well here's a neat tip on how to fix that! Store your tub of ice cream in a ziploc bag when you put it in the freezer to keep it from getting too hard. Do this to save yourself from bending a spoon; enjoy your ice cream!

FOOD TIP

When you find a good price on milk, you probably wish you could stock up. The best way to store milk long-term is by freezing it. To freeze milk, remove about one cup from a gallon container of milk to prevent the jug from expanding too much when frozen. It can be frozen for up to 3 months.
