Grocery Shopping Tip

It pays to be aware of the marketing tricks at the grocery store. Products displayed at eye-level are generally the most expensive. This is partly because manufacturers have to pay a hefty premium to get their products in those prime spots, and partly because it is the biggest manufacturers that are willing and able to pay those prices. You will find bargains up high, or down low on the bottom shelves.

Food Tip

When you find a good price on milk, you probably wish you could stock up. The best way to store milk long-term is by freezing it. To freeze milk, remove about one cup from a gallon container of milk to prevent the jug from expanding too much when frozen. It can be frozen for up to 3 months.

Gift Wrapping

Shopping for gifts can be an

enjoyable activity, but wrapping them all is another story. Have all of your supplies in one place. Keep a good stock of tape, ribbons, gift bags, tags, tissue paper, and bows. Purchase a new pair of scissors to leave with your gift wrapping supplies, to save you the chore of hunting down scissors each time you need to wrap a present. Purchase a good container to fill it with supplies.
