"The world is a dangerous place to live; not because of the people who are evil, but because of the people who don't do anything about it."

LOOKING FOR A NEW JOB?

In today's economy, more people are looking for work. One way is to post your resume online, but take care. Identity thieves use these sites to steal information. These tips can help minimize your risk. Use only sites that protect your personal data. Casual browsers should not see your full name, address, etc. If a potential employer is interested, they should get personal information only by request from you. If you do receive a job offer, be cautious if it seems too good to be true. It may be a ploy to get your information. If you receive an email that asks for money, or for your Social Security number, ignore it. Also, be sure you have the ability to delete your resume and other information once you have completed your job search.

HAVE YOU LAUGHED TODAY?

Researchers have found that laughter might just be the best medicine. Laughing reduces stress, lowers blood pressure, and boosts your immune system. It can even improve relationships. Take some moments each day to look at the lighter side of things and your mood and health will benefit.

LOCK UP YOUR VEHICLE

What are the top things that attract car thieves? Unlocked doors, rolled-down windows, a key in the ignition, and valuables in plain sight. To protect yourself, always remember to lock up your vehicle and take your keys with you. Don't leave valuables, bags, purses, or backpacks in view. Take these precautions even if you are just away for a few moments.
